##### **A-1. APPEAL OF THE ZONING ADMINISTRATOR'S APPROVAL OF MITIGATED NEGATIVE DECLARATION NO. 09-001 (ATLANTA AVENUE WIDENING) – Jennifer Villaseñor, Associate Planner**

Jennifer Villaseñor, Associate Planner, gave a brief overview of the proposed project.

Commissioner Livengood asked staff if the expansion would include the addition of bike lanes. Ms. Villaseñor confirmed this. There was a brief discussion of the grading along Atlanta Avenue and the height of the proposed retaining wall from within the Pacific Mobile Home Park. Chair Farley confirmed with staff that the retaining wall would have a sloping landscape element facing Pacific Mobile Home Park.

Vice-Chair Speaker asked staff to review the approval process for the entire project. Ms. Villaseñor reviewed the approval process for the project. Mike

Vigliotta, Deputy City Attorney, reviewed the property acquisition process for the project.

Commissioner Scandura asked the appellant to provide a concise summary of the fair arguments for an Environmental Impact Report. There was a brief discussion of the resident relocation options.

Commissioner Mantini asked staff for a project timeline. Ms. Villasenor and Jonathan Claudio, Senior Civil Engineer, reviewed the potential timeline for the project and indicated that construction could begin as early as 2013.

Commissioner Mantini asked for clarification on the notification process. Ms. Villasenor reviewed the legal notification process and the content of the notice.

Chair Farley asked staff how long the City's master plan has called for this project. Bob Stachelski, Transportation Manager, indicated that the project has been included in the General Plan Circulation Element and the Master Plan of Arterial Highways for over 20 years.

Chair Farley asked if the project was considered in the Downtown Specific Plan (DTSP) or in regards to the Pacific City project. Ms. Villasenor stated that the project was not considered a mitigation measure for either project. Chair Farley asked if the relocation of the residents be discussed under the existing Mobile Home Ordinance. Ms. Villasenor stated that the relocation is subject to the Federal Uniform Act.

Chair Farley confirmed with staff that the reconfiguration of the mobile home park to allow for the relocation of the displaced residents would be addressed under a separate application.

Chair Farley asked staff to identify any potential drainage issues with the site. Ms. Villasenor stated that there may be some pipe reconstruction but that there are no indications of any drainage issues currently at the site.

**C. PUBLIC COMMENTS**

Boyd Hill of Hart, King, and Coldren, appellant and representing Pacific Mobile Home Park, spoke regarding Item No. A-1. Mr. Hill identified concerns that the relocation alternatives, the relocation impacts, and the potential growth were not adequately considered which warranted an Environmental Impact Report (EIR).
